

DICKSON AG

Supplements you can trust

BOVIGUARD MOLASSES BLOCK

The Dickson Ag Boviguard Molasses Block has been specifically designed to assist livestock grazing lush, high protein pastures or intensive grain rations. Formulated with an anti Frothing agent to prevent foam formation and inflammation within the rumen, along with a natural Ionophore, this lick works to maximise the productivity of your herd. Livestock on these pasture types often require supplements in order to slow their rate of passage and better convert feed.

TYPICAL ANALYSIS

Crude Protein	10.78%
Total Protein	10.78%
Bypass Protein	29.10%
Salt	14.50%
Phosphorus	3.00%
